

Leadership Cloudcroft

Developing Community Champions

A new solution to an old problem

Leadership Cloudcroft Mission

Identify and Prepare Leaders

The mission identifies and prepares leaders for various roles, including volunteer, civic, business, and community positions.

Practical Knowledge of Local Issues

Participants are equipped with practical knowledge of local issues, enabling them to contribute effectively to their communities.

Network of Engaged Members

The initiative fosters a network of informed and engaged community members who can collaborate and support each other.

Encourages Active Participation

This initiative encourages active participation, empowering individuals to make a positive impact in their communities.

The Challenge

Dependence on Volunteers

Cloudcroft relies on volunteers for essential roles in government, schools, library, fire department, and community committees.

Lack of Formal Training

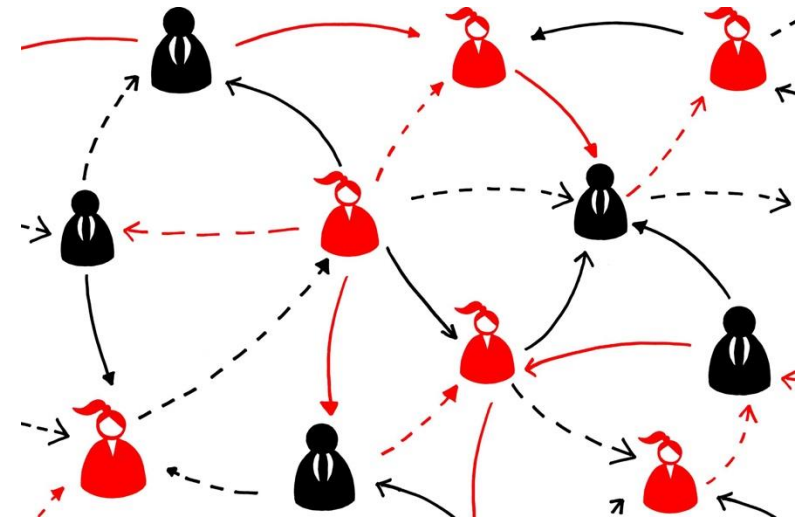

There is no formal system to identify or train these leaders, resulting in unprepared volunteers and oversights.

Volunteer Burnout

Without proper systems, volunteers experience burnout and high turnover, affecting the efficiency of community services.

Weak Networking

There is weak networking across different volunteer groups, exacerbating coordination and communication issues.

Program Overview

Program Duration

The program spans from June to October 2025, featuring six full-day classes held monthly.

Interactive Discussions

Classes will incorporate interactive discussions aimed at engaging participants in meaningful conversations.

Expert Speakers

Sessions will feature presentations and insights from expert speakers in various fields.
